REI

4 Hours

PACKAGE SIZE

8 x 1 qt, 4 x 1 gal

RESTRICTED USE

No

Atrevia™ 3.0% SL is an organic insecticide that controls insects through growth disruption in the larval, pupal, and nymphal stages. This product contains azadirachtin, a natural extract from the Neem tree. Get effective control of soft-bodied insects like aphids, mealybugs, mites, and whiteflies on indoor and outdoor ornamentals, turfgrass, and more.

PRODUCT INFO

- OMRI Listed® for organic use
- Broad spectrum control of insect pests on both food crops and ornamental plants
- Short 4-hour re-entry interval
