

EPA Reg. No. 91234-243

FIFRA Section 2(ee) Recommendation

This recommendation expires December 31, 2029

This recommendation is made as permitted by Section 2(ee) of FIFRA and has not been submitted to or approved by the U.S. Environmental Protection Agency.

FOR USE AND DISTRIBUTION IN THE STATES OF TEXAS (ONLY)

Use of this product according to this bulletin has not been reviewed or endorsed by the respective Office of State Chemist.

For control of kissing bugs in and around buildings and structures.

This product bulletin contains new or additional directions for use which are recommended by Atticus, LLC under FIFRA Section 2(ee)

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product inconsistent with its labeling.
- This product bulletin must be in the possession of the user at the time of pesticide application.
- Read the “Limitation of Warranty and Liability” in the label booklet for **Adjourn™ SC** before using.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

Instructions for Controlling Kissing Bugs:

Dilution Rates

AI Concentration	Adjourn™ SC diluted to One Gallon of Water	When to Use
0.01%	0.25 fl. oz. (7.5 mL)	Use this rate for maintenance treatments.
0.03%	0.75 fl. oz. (22.7 mL)	Use this rate for initial treatment or clean-out treatments.
0.06%	1.5 fl. oz. (45.4 mL)	Use this rate for severe pest infestations or when longer control is desired.

Application for Indoor Pests	
Pests	Use Instructions
Kissing Bugs	<p>Apply as a coarse low pressure (DO NOT exceed 50 psi at nozzle tip) spot or crack and crevice spray to areas where these pests are found. Pay particular attention to dark corners of rooms and closets; floor drains; cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators, and cabinets; around plumbing and other utility installations; door, window, and attics and crawl spaces. Let surfaces dry before allowing people or pets to contact surfaces.</p> <p>Spray kissing bugs and eggs directly wherever possible following site directions below. For infested mattresses, remove linens and wash before reuse. Apply to mattresses, especially tufts, folds, and edges until moist. Allow to dry before remaking bed. Apply to bedsprings, box springs, and the interior of bed frames or headboards, including cracks and crevices.</p>

Application for Outdoor/Perimeter Pests	
Pests	Use Instructions
Kissing Bugs	<p>Apply perimeter treatment to reduce the number of insects entering the structure. Thoroughly treat mulched areas. Apply as a coarse wet spray to areas where kissing bugs are most likely to be found: dog houses, kennels, runways, along paths or trails, under plants, shrubs, bushes, trees, or other shaded, moist areas where pests may be found. Treat the entire area where these pests could be present. Kissing bugs may be re-introduced from surrounding areas by host animals.</p>

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all applicable directions for use, restrictions, worker protection standard requirements, and precautions on the EPA registered main label attached to the container of **Adjourn™ SC** (EPA Reg. No. 91234-243).

Use information in accordance with Section 2(ee) of FIFRA.
