SIGNAL WORD

Warning

PACKAGE SIZE

8 x 1 qt, 4 x 1 gal

RESTRICTED USE

No

Fervid™ insecticide/miticide provides knockdown of mites and leafminers and suppression of aphids, thrips, and whiteflies. Containing the active ingredient abamectin, Fervid is a standard for broad-spectrum mite control. It can be applied across many use sites, including greenhouses, shadehouses, field-grown ornamentals, foliage plants, Christmas trees, and other woody ornamentals.

PRODUCT INFO

- Broad-spectrum control of all economically important mite families
- Translaminar movement reaches pests where they feed
- Pests stop feeding within hours of ingestion
- Unique mode of action makes it an ideal rotational partner
