PACKAGE SIZE

4 x 1 qt

RESTRICTED USE

No

Tree-Ject™, powered by the active ingredient emamectin benzoate, is an injected insecticide for two-year control of numerous insect and mite pests in deciduous, coniferous, and palm trees growing in residential and commercial landscapes, parks, plantations, seed orchards, and forested sites.

PRODUCT INFO

- 2-year broad-spectrum control of tree insect pests
- Formulated to translocate in the tree's vascular system when injected
- Active against immature and adult arthropods
