Bootstrapped and ready to serve, we deliver battle-tested chemistries and an experience like no other. Proud to be 100% American-owned, our mission is to help you every step of the way.

Orador™ herbicide helps keep corn fields clean with three modes of action that provide broad spectrum control of troublesome annual broadleaf and grass weeds. And changing field conditions are not a problem for Orador thanks to a wide application window that extends from preemergence to early postemergence. Control yield-robbing weeds like Waterhemp and Palmer Amaranth from the start with Orador herbicide.

PRODUCT INFO

- Powerful knock-down and residual weed control in corn
- Wide application window provides flexible treatment timing
