RESTRICTED USE

No

Sivora™ provides a powerful solution for tough diseases like cercospora leaf blight, powdery mildew and frogeye leaf spot, with fast-acting protection that moves throughout the plant to provide disease control that lasts for months. Sivora's residual duration and systemic xylem mobility provide a one-two punch that even protects new plant growth.

PRODUCT INFO

- Rapid uptake & translaminar activity for comprehensive leaf protection
- Extended residual control of even tough diseases like cercospora leaf spot, rust and powdery mildew
- Class leading xylem mobility moves protection up the plant to defend new growth
- Robust tank-mix compatible formulation is rainfast in only 2 hours
