Antapex™ WSG

INSECTICIDE

CONTAINS DINOTEFURAN, THE ACTIVE INGREDIENT USED IN ALPINE® WSG

THE TRUSTED SOLUTION FOR ANT CONTROL, INDOORS AND OUT.

EPA REG. NUMBER
91234-401

ACTIVE INGREDIENT
Dinotefuran 40.0%

FORMULATION
Water-Soluble Granule

IRAC NUMBER
4A

SIGNAL WORD
Caution

PACKAGE SIZE
120 x 10 gram,
4 x 200 gram,
4 x 500 gram

RESTRICTED USE
No

BATTLE-TESTED CHEMISTRY ESTD 2014

Bootstrapped and ready to serve, we deliver battle-tested chemistries and an experience like no other. Proud to be 100% American-owned, our mission is to help you every step of the way.

Antapex™ WSG contains the active ingredient dinotefuran, a non-repellent insecticide that provides quick kill of key pests in and around residential and commercial structures, food handling establishments, and production animal housing. Antapex is an easy-to-use granule formulation that readily dissolves in water with no clogging of nozzles and filters. When applied as a surface spray, Antapex provides residual control of a broad spectrum of insect pests including ants, cockroaches, and bedbugs.

- Fast-acting control
- Transferable from treated to non-treated ants
- Flexible application indoors and outdoors where pests are found
